

## Brand colours

If we elevate, we might reach the sky.

We use this metaphor to define our new color palette where three shades of blue play the main role.

The primary colour scheme includes a background in Cream with type and graphical elements set in Midnight Blue, highlights can be emphasised with Cobalt Blue.

The primary colour scheme includes a background in Cream with type and graphical elements set in Midnight Blue. Highlights can be emphasised with Sky Blue or Cobalt Blue.

Cobalt Blue is our primary interaction colour – use it for links, buttons, controls and other clickable elements. Cobalt and Sky Blue should be treated as a complementary colour in our brand.
