

Logo colour guide

We use accessible colour contrast principles to determine what colour combinations are permitted for logo application. These apply when the company name is not written alongside the logo.

Examples with a green check are all AAA accessible and approved for use.

✓ sqli Cream - #FFFAF0	✓ sqli Sky Blue - #6DA5FF	✗ sqli Cobalt Blue - #1F24E9	✗ sqli Darker Shade	✗ sqli Lighter Shade
